

## Meet the Associate: Jackie Winkler

Jackie is an Associate Wealth Advisor with Copper Leaf Financial, LLC. She is a graduate of St. Michael's College, where she majored in Business Administration with a minor in Economics and Political Science. She has several years of client service experience that includes working in operations support at VSECU, as well as a Pharmacy Technician at Kinney Drugs.

## Q & A with Jackie

### **What is your dream travel destination?**

Alaska! I am a big outdoors person and would love to spend a few weeks in Alaska, at the most remote fishing camp I can find.

### **What would you like to be famous for?**

Making a positive change in my community.

### **Before working at DH/CLF what was the most interesting job you held?**

In college I spent my summers working for the Vermont Lake Monsters in the "Fun Zone". Setting up and deflating massive bounce houses and playing with kids is more exhausting than you'd think.

### **What would you do for a career if you were not doing this?**

I would own my own small farm. I love gardening and have always had a strong entrepreneurial spirit, so I would love to sell a product using ingredients I grew myself.

### **What motivates you to wake up and go to work?**

The variety that each day brings. I get energy from meeting with my co-workers and clients, but I am also a very analytical person and appreciate time spent alone digging into data.

### **Where were you born and raised?**

I was born and raised in New York City, which surprises most people since I've always identified as a Vermonter at heart.

**Favorite hobbies?**

Fishing, Hiking, Reading, Baking, Oil Painting.

**Favorite food?**

Definitely pasta. I love to cook and make all different types of homemade sauces.

**What can you be found doing when not working?**

You can find me out fishing on Lake Champlain. When the lake is frozen, I'm typically ice skating or night skiing after work at Bolton.
